8	SCREW-SOC HD CAP M10X25 BLK	262-493-03-00	2	·

Assemble the sound cover mounting assemblies as shown in figures 1 & 2 above.

Figure 3

Figure 4

Mount one sound cover mounting assembly to the right hand frame between gapsets #1 and #3 using the empty taped hole shown in Figure 3. The bracket assembly should be installed on the inside of the frame as shown in Figure 4. Use (1) 262-493-01-00 socket head cap screw (M10 x 16) for mounting the bracket assembly. Then mount the second assembly to the left hand side frame between gapsets #1 and #3 using the empty taped hole.

Figure 5

Install the bottom plate assembly by sliding the outer edges into the grooves located in the fold pan rails shown in Figure 5.

Figure 6

Slide the bottom plate in until it stops as shown in Figure 6. No fasteners or adjustments are required.

Figure 7

Install the upper sound cover assembly by sliding mounting collars over the stub shafts on the mounting bracket assemblies as shown in Figure 7. Lower cover until it rests on bottom plate assembly. No fasteners or adjustments are required.
