

BAUM MOBILE INDEPENDENT TRANSFER TABLES

BAUM MILT 20 LT Hand Transfer Conveyor

BAUM MIRT 20 RT Hand Transfer Conveyor

The Baum MILT 20 and MIRT 20 are designed to be integrated as inline or near line solutions to adapt with many other BAUM products and can also be adapted to many other manufacturers' products.

Here are a few of the applications for this unique product:

- **Transport stitched booklets from stitchers or bookletmakers where a fold is needed parallel to the spine of the booklet to make the flat size smaller for mailing. A Baum K20 is used to make the parallel fold.**
- **To sequence sheets back in order**
- **Can be used as a registration table**
- **Can be used in the place of a bump and turn**

For more information about these NEW Baum Medium Format Folders contact Baum Sales at 800-543-6107. You can view our other products by going to our web site www.baumfolder.com
